

Why choose Craterview?

All-inclusive

24/7 Gambling

Unlimited Buffet

0.004 Mbps Extranet

We believe Martian hospitality should be as down-to-Earth as possible.

Craterview Casino & Resort is rated #1 on Mars for affordability.

Get what you pay for, and then some.

...and more!

"Three stars is optimal."
Mr P, President & CEO

Mr P was engineered for peak executive performance. As President & Chief Executive Officer of Craterview Casino & Resort (formerly the Craterview Hotel), Mr P brings unparalleled focus, relentless dedication, and a singular core directive: generate profit, regardless of cost. Since he took over in 2999, Craterview has seen major improvements in guest satisfaction, service quality, and operational standards, leading the Intergalactic Hotel Standards Committee to grant Craterview an additional star.

Before Mr P took over in 2999, Craterview was a humble two-star hotel for wayward travelers and offworld drifters. Now, after a $\Omega 6,000,000$ investment, it stands as the premier three-star destination on Mars, optimized for overall guest satisfaction, with big ideas for the future.

Rated 3 stars by the Intergalactic Hotel Standards Committee

Welcome to Craterview Casino & Resort!

Simple, cheap, all-inclusive holidays for everyone.

We make interplanetary holidays accessible to all by offering budget-conscious vacation experiences on Mars. We prioritise value, comfort, and the classic Earth principle of "you get what you pay for."

The excitement of Mars with the comfort of Earth.

Venturing millions of miles from Earth and the colonies shouldn't mean compromising on essentials. We have everything covered: comforting bedding, familiar dining, and exciting entertainment options.

It wouldn't be a holiday without a pool...

And we have not one, not two, but FIVE swimming pools, each one a little different to suit your preferences. This includes an outdoor pool that is heated in the colder months.

Accommodation

Your space to rest, relax, and recharge.

Duvets over dunes. Our rooms were designed with the familiar comforts of Earth in mind, because no matter how far you've travelled, everyone deserves a soft landing. That's why our accommodations blend classic Earth-style hospitality with all the streamlined conveniences of the new millennium.

We make interplanetary holidays accessible to all by offering budget-conscious vacation experiences on Mars. We prioritise value, comfort, and the classic Earth principle of "you get what you pay for."

Most popular option: Double Room

Comfort and space for one or two guests. Featuring a large double bed, private bathroom with bath and shower, and thoughtful amenities to make your stay both restful and convenient.

Other rooms at a glance...

Single Room: Comfortable and private, ideal for independent guests. Comes with a single bed, private bathroom, TV, and handy amenities like an in-room kettle.

Twin Room: Designed for two guests valuing personal space. Features two single beds, private bathroom, TV, and all the essentials for a restful stay.

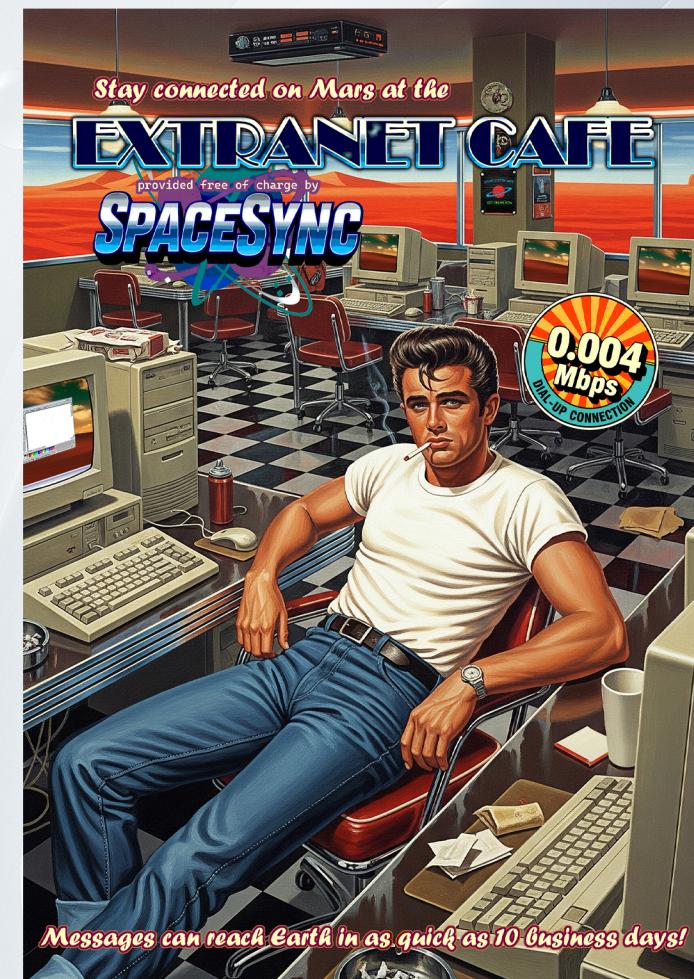

Twin Room: 3-star luxury spread over three bedrooms. Includes ensuite bathrooms, a private kitchen, study, and automated security turrets for peace of mind.

Small budget? Big comfort!

Our Economy Sleeping Pods are designed for travellers who want to save money without sacrificing basic comfort. Compact, reliable, and sound-proof, these pods come with temperature control and a secure storage locker, and access to shared toilet and shower facilities.
